Perkins Flower Garden News

May 1938

PERKINS FLOWER GARDENS

is located one mile from St. Paul east city limits on
St. Paul-Stillwater Road (Highway 212)

Telephone Tower 4424

All our annuals are transplanted plants, well grown and will give satisfaction if given reasonable care. We hope this list will help you to select suitable varieties for your garden. The varieties in separate colors will help to work out harmonious color schemes.

All perennials are two years old except biennials and all will give a profusion of bloom this season.

We invite you to visit our nursery and inspect our stock, and will be pleased to help you select suitable plants for your garden. We will be glad to have you place your orders early so that we can reserve the stock and insure your getting what you want. Some varieties are necessarily limited.

Annuals

Ageratum, tall or dwarf.

Alyssum, Little Gem.

Antirrhinum, Rust-Proof Snapdragon; Stoplight, red; Pearl, white; Alaska, white; Pinkie, pink; Yellowjacket, yellow; mixed varieties.
